

Studio by TAJ

A success story is incomplete without mentioning the support of all those who have made Studio by TAJ a name to rely on within the last Days. Right from our inception the film and the television industry have given us phenomenal encouragement. Each and every producer, director, technician and artist have given us unconditional support in our vision and aesthetics. We have been able to excel our endeavour which has come out from the faith of all those associated with us.

*100% High Tech
Shooting Floor ...
Built for Creative &
Passionate Crew.*

Studio by TAJ : 450 Sq Yard Studio Space

CROMA FLOOR : 22ft * 18ft * 12ft

CROMA FLOOR : 22ft * 18ft * 12ft

CROMA FLOOR : 22ft * 18ft * 12ft

A large, bright green chroma key floor is the central focus of the image. It is set up in a studio with a concrete ceiling and various pieces of equipment. Several overhead lights are mounted on a grid system, illuminating the green surface. The floor is partially covered by a grey material, likely a protective mat or part of the studio floor. A fire extinguisher is visible in the background on the right side.
